

# Harry the Greatest

**Ria Wells**

Harry Nel, Professional Hunter and owner of African Arrow Safaris, received the bow hunting Trophy of the Year-award during PHASA's AGM

held at the Zulu Nyala Conference Hall near Fourways, Johannesburg from 15 – 17 November.

Harry accompanied one of his American clients, Dave White, to his bow hunting expedition in the Beska vicinity (on the farm Tulburg). Dave has often joined Harry for bow hunting during the past two years and on 21 October he finally succeeded in hunting down a bush buck with the name Jinx - after four years of trying!

Harry suspects that this one might be the number one in its category. He is still waiting for the final measurements in order to confirm Jinx being the world

Paul "Kaalvoet" Ferreira handed over Harry's trophy

record holder in bow hunting. Jinx's preliminary measurement for SCI is 47 6/8 inches.

PHASA has sent invitations for the above award to all their members. Harry enrolled five exceptional trophies for this award, including Jinx. Jinx is the reason

why Harry could return to the Bushveld with a proud smile on his face.

Harry's other enrolments include a 58½ inch kudu bull, 47¼ inch buffalo bull, 29½ inch Nyala and a 15 7/8 inch warthog.
